Digitisation Grants 2022

Grantee	Project	Grant Amount
Adelaide Holocaust Museum and Steiner Education Centre (AHMSEC)	Establish a digitisation studio The project is to purchase digitisation equipment and develop a best practice digitisation program for AHMSEC's current and future collection of objects, photographs and documents. This will provide a crucial framework for collection management, education program and online content, and assist AHMSEC to develop and reach new audiences.	$ 8,773
Eyre Peninsula Railway Preservation Society	Digitisation of large format plans and diagrams This is a joint project between Port Lincoln Railway Museum (EPRPS) and the Port Lincoln History Group (PLHG). Both groups have significant collections of diagrams, plans, blueprints, transparencies and large-format photographic prints. The grant is to hire a specialised scanner for a period of six weeks, during which time a volunteer team from both organisations will scan several hundred large-format collection items. These will then be accessible via TROVE.	$ 3,734
Katie Maher and Sue Gilbey	Create educational resources around anti-apartheid activism in Adelaide This project is digitise a collection of posters, media articles and other archival materials relating to the part that anti-apartheid activists in Adelaide played in ending the era of legislated Apartheid in South Africa. The core of the project is creation of multimedia resources in the form of short videos that bring together text, voice and images to tell the story of Adelaide's anti-apartheid movement in an engaging and accessible manner.	$ 9,686
National Trust of South Australia (Moonta Branch)	Digitisation of photographic collection The project is to complete the digitisation and cataloguing of approx. 13,000 photographs dating from the 1860s that document the mining, social and cultural history of the Copper Coast region of South Australia. These will be made publicly available online.	$ 4,245
National Trust of South Australia (Willunga Branch)	Digitisation of archival and framed works collection	$ 7,229

	The project is to outsource the digitisation of parts of the significant archival collection and the collection of large framed items relating to the history of Willunga and region. High quality digital products will then be widely available through social media and image sharing platforms.	
Norwood Football Club History Committee	100 Objects website project The Norwood Football Club (NFC) History Committee has identified, from a large fully catalogued collection, 100 objects that exemplify the NFC over its 144 year history. This project will digitise these objects and create a virtual exhibition within the existing NFC history website.	$ 7,090
Port Lincoln History Group	Digital Storage The project is to purchase NAS drives to ensure the sustainability of digital storage for the History Group's growing collection and to facilitate further digitisation and access activities, including through partnership with TROVE.	$ 5,450
Sisters of Saint Joseph of the Sacred Heart - SA Archives	Digitise photographic collection The project is to purchase an A3 photo scanner, transparency unit for scanning slides and negatives, a portable hard drive for backup storage and then digitise collection of several hundred significant photographs.	$ 6,875
The Port Germein Village Project Association	Digitise objects and archival collection The project is to digitise a collection of objects, photographs and archives relating particularly to Port Germein's history and maritime heritage as a significant South Australian shipping and agriculture hub. The intention is to also digitise a collection of Aboriginal artefacts in collaboration with First Nations people.	$ 6,576
	Total	**$59,658**
